最低学分 Min Credit	18	**最高学分** Max Credit	27	**最低 GPA 学分** Min GPA Credit	10	**最低 GPA** Min GPA	2.7

二、学科简介 Introduction

上海交通大学心理学科始建于 2003 年，分别于 2011 年、2014 年获得心理学一级学科硕士学位授权点和应用心理硕士专业学位授权点；2015 年，新增上海交通大学“神经科学与心理学”交叉学科博士点；2019 年，上海交通大学增列心理学一级学科博士学位授权点；2023 年，增列应用心理专业一级学科博士学位授权点。

心理学博士研究生的培养方向为临床心理、社会心理与心理健康、认知神经科学、工业与组织心理学四个研究方向。目前，学科点拥有博士生导师 17 名，硕士生导师 16 名，拥有心理学或相关领域博士学位或高级职称的授课教师 40 余名，带教老师 118 名。学科带头人与学术骨干稳定,已形成临床心理、儿少心理、犯罪与成瘾行为、老年心理、危机干预等特色心理团队。学位点拥有丰富的临床资源和实践基地，与美国哈佛大学、英国诺丁汉大学、德国汉堡大学等世界著名大学均建立了长期的科研与人才培养合作关系，与国际精神分析协会（IPA）、德国精神分析协会、英国弗洛伊德研究院等多个国际心理机构建立了长期的心理治疗培训项目，学科每年设立出国（境）短期访学资助项目，培养了大量临床心理专业人员。

上海交通大学心理学学科近 5 年毕业硕士生就业（含升学）率近 100%，毕业后主要从事临床、科研及教育等专业相关领域工作。学科在硕士研究生培养过程中重视对心理健康问题的基础性研究，旨在培养心理学科学研究后备人才，为心理学的长远发展储备坚实的人力和智力资源，为社会心理健康服务体系建设持续提供专业人才。

The Discipline of Psychology of Shanghai Jiao Tong University was founded in 2003, and obtained the authorization point of master's degree of psychology and the authorization point of master's degree of applied psychology in 2011 and 2014 respectively; in 2015, it added the doctoral degree point of cross-discipline of "Neuroscience and Psychology" in Shanghai Jiao Tong University; in 2019, Shanghai Jiao Tong University added a doctoral degree authorization point for the first-level discipline of psychology; in 2023, a doctoral degree authorization point for the first-level discipline of applied psychology was added.

The training directions of PhD students in psychology are clinical psychology, social psychology and mental health and cognitive neuroscience. At present, there are 17 doctoral tutors, 16 master tutors, more than 40 teaching teachers with doctoral degrees or senior titles in psychology or related fields, and 118 teaching teachers. The Discipline has stable academic leaders and academic backbone and has formed a special psychological team such as clinical psychology, children's psychology, criminal and addictive behavior, elderly psychology, and crisis intervention. The degree program has a wealth of clinical resources and practice sites and has established long-term scientific research and talent training cooperation with world-renowned universities such as Harvard University in the United States, the University of Nottingham in the United Kingdom, and the University of Hamburg in Germany. Long-term psychotherapy training programs with many international psychological institutions such as the International Psychoanalysis Association (IPA), the German Psychoanalysis Association, and the Freud Institute in the United Kingdom have also been established. The degree program has set up an annual grant program for short-term study abroad, which has trained a large number of clinical psychologists.

The employment rate (including advancement) of master's degree students graduating from the psychology discipline of Shanghai Jiao Tong University in the past 5 years is nearly 100%. After graduation, they are mainly engaged in clinical, scientific research, education and other professional related fields. The discipline attaches great importance to basic research on mental health issues in the process of postgraduate training, and aims to cultivate scientific research talents in psychology, reserve solid human and intellectual resources for the long-term development of psychology, and continue to provide professional talents for the construction of the social mental health service system.

三、培养目标 Program Objective

培养能在本学科独立开展研究的且具备扎实理论基础、具有一定创新能力基础研究和应用研究的复合型人才，能熟悉应用学科技术解决社会中的问题，能独立从事有较高学术意义或实用价值科研工作的创新型科研后备人才。为心理学科学研究的长远发展储备坚实的人力和智力资源，促进心理学学科研究的发展。

（1）拥护党的基本路线，树立正确的世界观、人生观和价值观，遵纪守法，具有较强的事业心和责任感，具有良好的学术修养，遵循学术规范，愿为社会主义现代化建设、医疗及心理健康等事业服务。

（2）系统掌握心理学的基础理论和系统的专业知识，具有独立从事科学研究或教学工作的能力。

（3）具有开阔的学术视野，熟悉本学科及相关学科领域研究与应用的新进展与发展趋势。

（4）熟练掌握本学科领域内的科学研究方法和技术，具有批判性分析和创造性解决专业问题的能力，对本学科中所研究的领域有独到的见解。

（5）熟练掌握一到两门外语，能系统深入查阅和分析本专业的外文文献资料，具有较强的写作能力和国际学术交流的能力。

Cultivate compound talents who can conduct independent research in this subject, have a solid theoretical foundation, and have a certain degree of innovative ability, basic research and applied

research, can be familiar with applied subject technology to solve social problems, and can independently engage in high academic significance or practicality innovative scientific research reserve talents for value scientific research work. Reserve solid human and intellectual resources for the long-term development of scientific research in psychology, and promote the development of research in psychology.

1. Support the party's basic line, establish a correct world outlook, outlook on life and values, abide by laws and disciplines, have a strong sense of professionalism and responsibility, have a good academic training, follow academic standards, and be willing to contribute to the modernization of socialism, medical care and mental health services.

2. Master the basic theories of psychology and systematic professional knowledge systematically, and have the ability to independently engage in scientific research or teaching.

3. Have a broad academic vision and be familiar with the new progress and development trend of research and application in this subject and related subject areas.

4. Familiar with scientific research methods and techniques in the subject field, possess the ability of critical analysis and creative solution to professional problems, and have unique insights into the field studied in the subject.

5. Proficient in one or two foreign languages, able to systematically and in-depth review and analysis of foreign language documents and materials of the major, and have strong writing skills and international academic communication skills.

四、培养方式及学习年限 Training Mode and Study Duration

本项目采用全日制学习、导师制培养模式。博士研究生学习年限一般为 4 年，非定向的普博生最长学习年限（含休学）不超过 6 年，定向的普博士生最长学习年限（含休学）不超过 7 年。

The program adopts a full-time study and mentor system training model. The length of study for regular doctoral students is generally 4 years, the longest length of study for non-oriented regular doctoral students (including suspension) is not more than 6 years, and the longest length of study for oriented general doctoral students (including suspension) is not more than 7 years.

五、课程学习要求 Course Requirement

须修读完成不少于 18 学分，其中 GPA 学分不少于 10，原则上需要在第一学年内完成课程学习。GPA 不低于 2.7。各类课程具体要求如下：

Students must have completed at least 18 credits including a GPA of at least 10, the course needs to be completed within the first academic year in principle, including a GPA of at least 10 and a GPA of at least 2.7. The specific requirements of the course are as follows:

课程类别 Course Type	学分要求 Min Credits	门数要求 Min Courses	GPA 学分要求 Min GPA Credit	备注 Note

公共基础课 General Courses	5	3	5	
专业基础课 Program Core Courses	5	2	5	
专业前沿课 Program Frontier Courses	2	1	0	
专业选修课 Program Elective Courses	6	3	0	
任意选修课 Elective Courses				非必需

六、**培养过程要求** Training Requirement

（一）组织管理

本学科在博士研究生培养过程中的各培养环节设立专门的博士研究生学业考核（考试）委员会。博士研究生学业考核（考试）委员会组成以各培养环节的实施办法和规定为准。

（二）博士研究生学业考核（考试）委员会职责

博士研究生学业考核（考试）委员会负责学生培养过程中各环节的评估、考核等工作，具体职责以各培养环节的实施办法和规定为准。

博士研究生学业考核（考试）委员会根据每次评估、考核情况，就学生是否通过作出决议。决议采取不记名投票方式，经全体成员三分之二以上同意，方为通过。

（三）培养环节及要求

1 资格考试

1.1 时间

博士研究生（普博生）的博士研究生资格考试原则上在入学后第二学年第一学期内完成，一般为每年 12 月。

1.2 考试结果

考试结果分为“通过”与“不通过”。资格考试结果为“通过”的申请人，方可正式进入博士论文研究阶段。

1.3 考试结果为“不通过”的处理方法

可于 6 个月后申请参加博士研究生资格考试补考。每名申请人有且仅有一次补考机会。两次考试均未通过的申请人将被终止博士生培养。博士研究生学业考核（考试）委员会确认申请人不适合作为博士生进一步培养的，须作出“转为硕士生继续培养”或“应予退学”的建议。

2 开题报告

2.1 时间

普博生的博士学位论文开题原则上在入学后第二学年结束前完成，一般为每年 6 月。

2.2 开题报告结果

开题报告结果为“同意开题”和“不同意开题”。通过博士研究生学位论文开题的申请人，方可正式开展博士论文研究。

2.3 “不同意开题”的处理方法

申请人须根据开题报告专家评议组的评议意见，全面修改《上海交通大学论文开题报告》。在通过导师审核后，可于 6 个月后再次申请参加博士研究生开题报告。每名申请人有两次申请开题的机会。两次开题均未通过的申请人将被终止博士生培养。开题报告专家评议组确认不符合博士生培养条件的，根据是否符合硕士研究生培养条件，须作出“转为硕士生继续培养”或“应予退学”的建议。

3 年度考核

3.1 时间

普博生须在学位论文开题通过后，按自然年进行年度考核。普博生的学位论文年度考核原则上在入学后第三学年结束前完成，一般为每年 6 月。

3.2 考核结果

考核结果分为“优秀”、“良好”、“一般”及“不通过”四种。其中“优秀”、“良好”、“一般”的视为通过博士研究生学位论文年度考核。通过博士研究生学位论文年度考核的申请人，方可继续开展博士论文研究以及学位论文的撰写。

3.3 考核结果为“不通过”的处理方法

考核结果为“不通过”的视为未通过博士研究生学位论文年度考核。申请人将被终止博士生培养。博士研究生年度考核小组确认申请人不适合作为博士生进一步培养的，经导师（组）确认、管理部门审核通过、研究生院批准，并作出“博士生转为硕士生培养”或“结业”或“应予退学”的建议，经院系审核后报送研究生院或校长授权的专门会议审定。

1．Organization and management

This discipline establishes a special doctoral student academic assessment (examination) committee in each training link in the doctoral training process. The composition of the doctoral student academic assessment (examination) committee is subject to the implementation methods and regulations of each training link.

2．The responsibilities of the academic assessment (examination) committee for doctoral students

The academic assessment (examination) committee for doctoral students is responsible for the evaluation and assessment of each link in the student training process, and the specific responsibilities are subject to the implementation methods and regulations of each training link.

The Graduate School Management Committee makes a decision on whether the student passes or not based on the situation of each evaluation and assessment. The resolution shall be passed by secret ballot and approved by more than two-thirds of all members.

3. Training links and requirements

3.1 Qualification examination

3.1.1 Time

In principle, the doctoral qualification examination for doctoral students (regular doctoral students) is completed in the first semester of the second academic year after enrollment, usually in December each year.

3.1.2 Results

Examination results are divided into "passed" and "failed".

Applicants whose results of the qualification examination are "passed" can formally enter the research phase of the doctoral dissertation.

3.1.3 How to deal with the "failed" result

Applicants can apply for a make-up exam for the doctoral qualification examination after 6 months. Each applicant has one and only one chance to make up the exam. Applicants who fail both examinations will be terminated from training for doctoral students. If the Doctoral Candidate Examination Qualification Committee confirms that the applicant is not suitable for further training as a doctoral student, it must make a suggestion of "switching to a master's degree for further training" or "should drop out".

3.2 Proposal report

3.2.1 Time

In principle, the proposal report is completed before the end of the second academic year after enrollment, usually in June each year.

3.2.2 Results

The results of the proposal report are "Agree" and "Disagree". Applicants who pass the proposal report can formally conduct the doctoral thesis research.

3.2.3 How to deal with the result as "Disagree"

Applicants must comprehensively revise the "Shanghai Jiao Tong University Thesis Proposal Report" based on the comments of the expert review group of the proposal report. After passing the review by the supervisor, students can apply for the doctoral candidate's proposal report again in 6 months. Each applicant has two chances to apply for the topic. Applicants who failed twice would be

terminated from the doctoral program. If the expert review team of the proposal report confirms that it does not meet the training requirements for doctoral students, according to whether they meet the training requirements for postgraduates, they must make a recommendation to "switching to a master's degree for further training" or "should drop out".

3.3 Annual assessment

3.3.1 Time

The regular doctoral students must undergo an annual assessment according to the natural year. In principle, the annual assessment of the dissertation of regular doctoral students is completed in the second semester of the third academic year after enrollment, usually in June each year.

3.3.2 Assessment results

The assessment results are divided into four categories: "excellent", "good", "average" and "failed". Among them, "excellent", "good" and "average" are deemed to have passed the annual assessment of doctoral dissertation. Applicants who pass the annual assessment of doctoral dissertation can continue to conduct doctoral dissertation research and dissertation writing.

3.3.3 How to deal with the assessment result as "failed"

If the assessment result is "failed", it shall be deemed to have failed the annual assessment of the doctoral dissertation. Applicants will be terminated from training for doctoral students. If the annual assessment team for doctoral students confirms that the applicant is not suitable for further training as a doctoral student, it shall be confirmed by the tutor (group), approved by the center, and the graduate school, then make a recommendation to "switching to a master's degree for further training" or "completion" or "should drop out", the result should be reviewed by the management department and submitted to the graduate school or a special meeting authorized by the principal for review.

七、学术成果要求 Requirement on Academic Achievements

（一）学术标准

1、博士生应当具备及时掌握心理学及本领域学术研究前沿、动态的意识和能力。具备批判性地总结、比较文献、找出问题关键所在的能力，具备熟练阅读英语文献、以英语作为论文写作和学术交流工作的能力。

2、博士生应具备独立提出有价值且独特的科学问题、建立合理研究假设的能力；能依据心理学基本原理和已有文献独立筛选、优化、实施研究方案、控制无关变量，以恰当方法分析数据、根据数据进行理论推论；能将自己的发现置于已有理论和研究的背景下进行综合提炼和学术创新，阐明研究发现的独特价值、适用范围、局限，并指出进一步研究的方向。

3、博士生应能够有逻辑、有层次地表达自己的思想和成果，能够清晰地表达自己的看法以及与以往研究和他人意见的异同，能够更加交流的对象和场合，专业或通俗地解释自己或他人观点的核心所在；应能够在正规场合进行口头学术报告，与学术同行建立联系。

4、博士生应具备科学论文写作和基金申请的能力，能够按照学术规范表达自己的思想、假设和科研成果。

（二）学术要件

1、博士研究生在学位论文答辩之前，须以上海交通大学为第一单位在 SCI（科学引文索引）、SSCI（社会科学引文索引）或 CSSCI（中文社会科学引文索引）检索的刊物上发表（或录用）2 篇学术论文。论文投稿时的期刊所在级别与发表时不一致，以论文投稿时的期刊级别为准。学位申请人为第一作者发表的论文以 1 篇计；以第二作者发表的论文（第一作者必须是其导师）以 1/2 篇计；第三作者及以后者不计。

2、获得国家级科技成果奖，可免除论文发表的要求；获得省部级科技成果一等奖（署名前 5 位）、二等奖（署名前 3 位）、三等奖（署名前 2 位）、或发明专利授权，等同于发表相同数量的 SCI 或 SSCI 论文；获得省部级其它科技成果奖项或发明专利公开，等同发表相同数量的学术论文。

1. Academic Standards

1.1 Doctoral students should have the awareness and ability to grasp the frontiers and dynamics of psychology and academic research in this field in a timely manner. Have the ability to critically summarize and compare documents, find out the key points of the problem, and have the ability to read English documents proficiently, use English as thesis writing and academic communication skills.

1.2 Doctoral students should have the ability to independently raise valuable and unique scientific questions and establish reasonable research hypotheses; be able to independently screen, optimize, implement research plans, control irrelevant variables, and analyze by appropriate methods based on the basic principles of psychology and existing literature data and theoretical inferences based on data; able to place one's own findings in the context of existing theories and research for comprehensive refinement and academic innovation, clarify the unique value, scope of application, and limitations of research findings, and point out the direction for further research.

1.3 Doctoral students should be able to express their thoughts and results in a logical and hierarchical manner, be able to clearly express their views and the similarities and differences with previous research and opinions of others, be able to communicate with objects and occasions, and explain themselves professionally or informally or the core of the opinions of others; should be able to give oral academic reports in formal occasions and establish contact with academic colleagues;

1.4 Doctoral students should have the ability to write scientific papers and apply for funding, and be able to express their thoughts, hypotheses, and scientific research results in accordance with academic standards..

2. Academic Requirements

2.1 Before the defense of the dissertation, doctoral students must publish (or accept) 2 academic papers in journals indexed by SCI (Science Citation Index) , SSCI (Social Science Citation Index) or CSSCI(Chinese Social Sciences Citation Index) as the first author. The level of the journal at the time of submission of the paper is not consistent with the level of the journal at the time of publication, and the level of the journal at the time of submission shall prevail. The number of papers published by the degree applicant as the first author is counted as one; the paper published by the second author (the first author must be his supervisor) is counted as 1/2; the third author and later are not counted.

2.2 Obtaining the National Science and Technology Achievement Award, which can be exempted from the requirement of paper publication; obtaining the first prize of provincial and ministerial scientific and technological achievements (top 5 signed), second prize (top 3 signed), third prize (top 2 signed), or invention patent authorization are equivalent to publishing the same number of SCI or SSCI papers; other provincial and ministerial scientific and technological achievements awards or invention patent disclosures are equivalent to publishing the same number of academic papers.

七、**学位论文** Thesis/dissertation work

博士学位论文的选题应与心理学学科的前沿学术研究相关或来自国家创新驱动和国家健康中国 2030 战略的重大问题。一般应以心理学学科发展中的国际前沿、行业技术需求为背景，同时鼓励具有交叉性和开拓意义的前沿领域课题。在博士学位论文题目确定后，脱产用于论文工作的时间一般不应少于 2.5 年。学位论文一般应使用中文撰写，参加国际评审与答辩的博士学位论文可用英文撰写，字数一般不少于 7 万，具体撰写要求参照《上海交通大学博士、硕士学位论文撰写指南》。

（一）学位论文预答辩

1、时间

普博生的博士学位论文预答辩原则上在入学后第四学年第一学期内完成，一般为每年 12 月。

2、预答辩结果

预答辩结果分为“合格”、“基本合格”与“不合格”。预答辩结果为“合格”，申请人可以进入学位论文答辩环节。预答辩结果为“基本合格”，申请人须修改学位论文后将修改报告与学位论文一并提交导师审核，审核通过后提交至管理部门。

3、预答辩结果为“不合格”的处理方法

申请人须根据预答辩委员会委员的评议意见，全面修改学位论文，经导师审核通过后，于 6 个月后方可再次申请参加学位论文预答辩。

（二）学位论文评审

1、时间

学位论文评审一般于答辩前 3 个月进行。

2、评审结果

博士生学位论文评审可以选择国内评审，也可以选择国际评审。评审通过方可申请学位进入学位论文答辩。论文评审结果一般在 2 个月内（自论文提交评审之日起计算）返回。评审意见超过 2 个月（寒暑假及国家法定假日除外）未返回者，经导师同意，可申请论文答辩，答辩通过后可申请博士学位。如答辩后返回的评审意见出现异议情况，论文作者仍应按照评审意见进一步修改、完善论文。

评审结果单项或总体评价不合格的论文为异议论文。

3、评审结果为“异议”的处理方法

异议论文由本学科组织校内同行专家进行复评后提交本中心学位评定委员会审核。复评工作具体由管理部门负责。

（三）学位论文答辩

1、时间

普博生的博士学位论文答辩原则上在入学后第四学年第二学期内完成，一般为每年 4 月。

2、答辩结果

博士生学位论文答辩分为国内答辩和国际答辩。答辩结果分为“通过”与“不通过”。通过答辩的申请人可以进入学位申请阶段。

3、答辩结果为“不通过”的处理方法

申请人须根据答辩委员会委员的评议意见，全面修改学位论文，经导师审核通过后，于 6 个月后方可重新申请参加学位论文评阅（议）、答辩及学位申请工作。申请人有且仅有 1 次申请重新答辩的机会。申请期限最长为首次答辩不通过的两年内(但不超过规定的最长学习年限)。

博士研究生学位论文答辩委员会确认答辩未通过的申请人虽未达到博士学位论文的水平，但已达到硕士学位论文水平，可申请授予硕士学位。

The topic of the doctoral dissertation should be related to cutting-edge academic research in psychology or from a major issue of the national innovation drive and the national healthy China 2030 strategy. Generally, it should be based on the international frontiers in the development of psychology disciplines and the technical needs of the industry as the background, and at the same time encourage cross-cutting and pioneering frontier topics. After the title of the doctoral dissertation is determined, the time spent off-production for dissertation work should generally not be less than 2.5 years. The dissertation should generally be written in Chinese, and the doctoral dissertation participating in the international review and defense can be written in English with no less than 70,000 words. For specific writing requirements, please refer to the "Guidelines for Writing Doctoral and Master's Thesis of Shanghai Jiaotong University".

1．Pre-defense

1.1 Time

In principle, the pre-defense of regular doctoral students will be completed in the first semester of the fourth academic year after enrollment, usually in December each year.

1.2 The results

The pre-defense results are divided into "qualified", "basically qualified" and "unqualified". The pre-defense result is "qualified", and the applicant can enter the dissertation defense link. The result of the pre-defense is "basically qualified", the applicant must modify the dissertation and submit the modified report and the dissertation to the supervisor for review, and submit it to the scientific research department after passing the review.

1.3 How to deal with the assessment result as "unqualified"

The applicant must revise the dissertation comprehensively based on the comments of the members of the pre-defense committee. After being approved by the tutor, applicants can apply for the pre-defense of the dissertation again in 6 months.

2. Dissertation Review

2.1 Time

The dissertation review is generally conducted 3 months before the defense.

2.2 Results

The doctoral dissertation review can choose domestic review or international review. Only after passing the review can apply for a degree to enter the thesis defense. The result of the paper review is generally returned within 2 months (calculated from the date of submission of the paper for review). Those who have not returned the review opinions for more than 2 months (except winter and summer vacations and national statutory holidays) can apply for a thesis defense with the consent of the tutor, and can apply for a doctoral degree after the defense is passed. If there are objections to the review comments returned after the defense, the author of the paper should still further modify and improve the paper in accordance with the review comments.

Papers that are unqualified in individual or overall evaluation are considered dissenting papers.

2.3 How to deal with the assessment result as "dissenting"

Dissenting papers will be re-evaluated by peer experts in the discipline organization and submitted to the center for degree review by the Evaluation Committee. The re-evaluation work is specifically in charge of the scientific research section.

3. Defense

3.1 Time

In principle, the defense of regular doctoral students is completed in the second semester of the fourth semester after enrollment, usually in April each year.

3.2 Results

The defense of doctoral dissertation is divided into domestic defense and international defense. The results of the defense are divided into "passed" and "failed". Applicants who pass the defense can enter the degree application stage.

3.3 How to deal with the assessment result as "failed"

Applicants must completely revise their dissertation based on the comments of members of the defense committee. After being approved by the supervisor, they can reapply for dissertation review (discussion), defense, and degree application after 6 months. The applicant has only one opportunity to apply for a re-defense. The maximum application period is two years after the first defense is not passed (but not exceeding the prescribed maximum study period).The Doctoral Dissertation Defense

Committee confirms that applicants who have not passed the defense have not reached the level of a doctoral dissertation, but have reached the level of a master's dissertation, and can apply for a master's degree.
